## The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

*But it is only seen by those who pass your way.*

If you could put a sign where everyone could see it would it interest you?

## THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

**To be properly registered costs less than to be left out**

# — I AM —

I sit in the castles of business and at the hearthstones  
of many homes, mighty in my power to serve

Through me is the power to make people talk with intel-  
ligence concerning their communities

With extended hand I guide the wearied traveler, and  
to others shorten the distances between destinations

In me abides the essence of democracy, as side by side  
is found all nationalities, rich and poor alike

With uncanny certainty I unite long-lost friends and make  
glad the missing heirs

Through me are protected the law-abiding by tracing the  
criminal to his hiding place

Through me, in the friendliest way, new trade channels  
are opened

I am the key that unlocks the gate to what your com-  
munity is, for all who would pass its portals.
